TESTIMONIALS.

Our Piano repaired by you not only gives us satisfaction, but surpasses our expectation, as it now has recovered its original tone. I am pleased to add this to your list of testimonials.

MRS. W. H. LYONS, 170 New York Ave.

The Organ repaired by you has given us great satisfaction. I take pleasure in recommending you to my friends whenever they require the services of a Repairer or Tuner, of either Piano or Organ.

Mrs. P. A. RESSEGUIE, 235 Clermont Ave.

My Piano repaired by you, has given such perfect satisfaction, that I am pleased to congratulate you. Since it has been so thoroughly repaired, I would not willingly exchange it.

C. A. ROWAN, 193 Franklin Ave.

The Piano repaired by you for me has given the utmost satisfaction. Up to this time no visible change has taken place. Hoping these few lines will be of some service to you, with my best wishes for your future success.

CAROLINE Z. STANTON, 139 President St.

Accept our thanks for the very efficient manner in which you repaired our Piano. It has proved in every way satisfactory, and we find it in tone even better than when new.

H. W. MEAD, 63 Prospect Place.

I wish to express my entire satisfaction in your work. My Piano is better since you renovated it than ever before.

E. C. LADD, 428 Clinton St.

Our Piano, which we have had for a number of years, and which has been in constant use during that time, has never had such a good tone as it has now. You have imparted to it greater volume of sound and more sweetness of tone than it ever possessed before, and we are now better pleased with it than when we purchased it.

CHAS. VOGT, 332 Jay St.

The Piano you repaired for me has proved to be most satisfactorily done, for since that time it has caused no trouble. Please accept my thanks for your skill.

JOHN B. DEMONET, 360 Pacific St.

I cheerfully add my testimony to the many others you have, respecting your efficiency as a Piano Maker. The Piano you repaired for me, although in use constantly, is even now as good as new.

CHAS. GARLICH, 165 Schermerhorn St.

The Piano you have repaired for me has given entire satisfaction, and I most cheerfully recommend you as an efficient and careful Piano Repairer.

F. GARLICH, 180 Livingston St.

I think you must have re-made it. It was so much improved in tone, quality and power, that I hardly knew my old Piano. I shall cheerfully recommend all my friends to you.

Mrs. ANGUS, 221 Franklin Ave.

The extensive overhauling and repairs to my Piano by you some years ago were quite satisfactory, the instrument having been made as good as new.

JOHN NORTON, Jr., 287 Union St.

PRESS COMMENTS.

Mr. CHAS. W. HELD can be found at 114 Livingston St. As a Practical Repairer and Tuner in Pianos, this gentleman has the reputation of being an expert. To parties who desire the opinion of a man whose judgment as to the relative merits of different makers cannot be questioned, and those who contemplate a purchase cannot do better than entrust their orders to him and their interests will be well cared for.—*"Brooklyn Chronicle."*

The attention of our readers is called to Mr. CHAS. W. HELD, at 114 Livingston St., cor. Boerum Place, who is a practical Piano Maker, and is extensively engaged in repairing Pianos as well as tuning. His excellent work exhibited at the late Industrial Exposition attracted marked attention. And the numerous testimonials in his possession are abundant proof of the firm reputation and confidence he has attained with the Public.

—*"Long Island Democrat."*

There is probably no branch of the music business of which so little is known by outsiders about the work to be done, as in the department of repairing musical instruments. Pianos are like watches in this respect; few knowing any thing of their mysterious mechanism. The one

thing wanting in our city has been a place where good and thorough work in repairing Pianos and musical instruments can be had. HELD's Repairing Rooms, 114 Livingston Street, supplies the want. He makes it a specialty, and knowing his business, he is attaining great success.

—*"Brooklyn Sunday Review."*

CHAS. W. HELD, who stands at the head of practical Piano Repairers, has a marvelous faculty of making a new instrument out of a banged up one, and is fairly overrun with applications for professional services. A visit to his rooms, cor. of Livingston St. and Boerum Place, will repay the curious.—*"Brooklyn Argus."*

If there is any one gentleman in Brooklyn that understands more thoroughly the intricate parts of a Piano than any other, it is Mr. CHAS. W. HELD, who is noted for repairing old Pianos and making them as good as new. Mr. Held has testimonials from our leading citizens, testifying to his superior ability in that line. In these days of economy this is an important feature and saves buying a new instrument. This gentleman, whose word is as good as his bond, does exactly what he claims.

ANNESTOWN, Treimore, Ire'and.
I am happy to bear testimony to the great efficacy of Dr. Holman's Pad as a preventive of sea-sickness. I (who suffered greatly when on the sea) have worn the Pad during three voyages and escaped sea-sickness, although part of the time the sea was very rough.

I remain, yours truly,

(Mrs.) MARIA PALLISER.

I fully endorse the above.

TRADE MARK.

GOLD HILL, Rowan Co., N. C., March 7, 1882.

Dr. HOLMAN—Dear Sir :

You may judge from the number of Pads I have ordered recently that I am well pleased with them. They come up fully to my expectations. I herewith enclose physician's price for two more. Send them to Gold Hill. Yours respectfully,

LITTLETON W. COLEMAN, M.D.

P.S.—The two Infant Pads received some weeks since have had the desired effect, both children are now well.

BROOKLYN CLAY RETORT and FIRE-BRICK WORKS,

88 Van Dyke St., Brooklyn, N. Y.

THE HOLE IN THE FLOOR.

In the primitive days of our grandfathers' time,
When the fire-place, genial and bright,
Its cavernous recesses glowing with flame,
Filled the old-fashioned kitchen with light;
They used often to gather at close of the day,
Round the hearth-stone, that altar of yore;
But men of this modern and glorified age,
Collect round—a hole in the floor.

The grandfather sat in the chimney nook,
In an old-fashioned splint-bottomed chair,
And solemnly read from the blessed old Book,
Then knelt with the household in prayer;
Their altar, the time-honored hearth-stone, with
gleams
Of the fire-light flickering o'er,
We moderns all worship 'neath fresco and gas,
Our altar—a hole in the floor.

When from the old hearth-stone the children
went forth
To join in the soul-thrilling strife,
And win themselves laurels or valiantly brave
The buffeting surges of life;

Then with world-wearied hearts yearning sadly
for rest, [more;
They would seek the old hearth-stone once
But we, when aweary with toil and oppressed,
Return to—the hole in the floor.

When the tumult of war o'ershadowed our land,
And our forefathers rushed to the fray,
To repel the invaders that threatened our homes,
Leaving mothers and daughters to pray—
The thoughts of their hearth-stones gave strength
to their arms
And thrilled their brave hearts to the core,
But our heroes when called on their homes to
Must fight for—a hole in the floor. [defend,

Then let us rejoice that we live in an age
When instead of the hearth-stone's bright glow,
Or the cavernous fire-place cheery with flames,
We have "modern improvements," you know.
And when we converse of those primitive times,
And the jolly old customs of yore, [ways,
We will laugh as we think of their old-fashioned
As we sit round—the hole in the floor.

KISSICK'S BUSINESS COLLEGE ENGLISH CLASSICAL AND MATHEMATICAL INSTITUTE

192 AND 194 FULTON STREET
Between Orange and Pineapple Sts BROOKLYN

Thorough Instruction
TO BOTH SEXES

DAY OR EVENING

Being centrally located, below City Hall, and within three blocks of the Great Bridge, all the principal lines of cars pass the door.

Our Rooms are large, with high ceilings, well ventilated, newly furnished with a separate desk and comfortable chair for each student, and in no place is comfort of the pupil more studied, and his moral training better attended to.

TO THE PUBLIC.

Let our intelligent citizens lend us their aid by patronage and encouragement in the future, as they have done in the past, and we will guarantee as thorough an education as can be obtained in any other place. We cordially invite parents and guardians to call and visit the institution, and see our methods of teaching, that they may be able to judge for themselves. We do not wish to make any vain boasts, but by the time we shall have been a quarter of a century before the public, we confidently trust that we shall need no other means of publicity than the recommendation of our pupils.

A WORD TO PARENTS.

Those who intend to give their children a good education, to prepare them for either a Business or Professional life, should embrace, *at once*, the opportunity now offered. The benefits to be derived from this Institution are many and great. The students being *at home*, will thus be under the immediate care of parents as well as of teachers. Large expense is saved, which always accompanies educational training at boarding-schools. Those intending to take a complete course should enter as soon as possible, so that a correct method and habit may be acquired from the commencement.

ANNOUNCEMENT.

The Principal and Proprietor of this Institution, W. A. KISSICK, A. M., has been well known for the past 20 years, in the cities of New York and Brooklyn, as a *successful teacher* in preparing pupils thoroughly for business, and will be happy to refer strangers, by permission, to business men and gentlemen of the highest literary and social standing; also to former and present pupils, many of whom he has been instrumental in placing in positions of honor and emolument.

We have been 12 years in the present building.

LADIES' DEPARTMENTS.

Separate apartments fitted for Ladies and Misses, where they receive the same thorough instruction as gentlemen, in English and Commercial branches. Ladies or gentlemen prepared for examination as Teachers in any of the branches, at hours to suit.

THE DESIGN OF THIS INSTITUTION

Is to impart to all our students a thorough and complete business education, in the shortest time, at the least possible expense.

BRANCHES TAUGHT.

Book-keeping, Penmanship, Correspondence, Commercial Law, Business and Common School Arithmetic, Spelling, Grammar, Phonography, Type-writing, Telegraphy, German, French, and Spanish, or any other branch required to prepare for business.

DIPLOMAS.

All Students *faithfully* completing their course shall be furnished with Diplomas, which are often, in themselves, of more value to the Student than the sum paid as tuition fee.

NO CLASS SYSTEM.

There being no *class system*, Gentlemen and Ladies, whose early education has been neglected, will find with us superior advantages for reviewing and pursuing their studies *in private*. For backward boys and girls this is a rare opportunity, as no pains will be spared to bring them forward as soon as possible.

EMPLOYMENT.

Of the large number of Students who have taken a complete Commercial Course at this Institution, not one of them has failed to procure a situation through us or by themselves.

The demand for our graduates exceeds the supply.

PHONOGRAPHY.

Young men and women taught practically Short-hand Writing, fitting them for Verbatim Reporting—one of the most lucrative professions of the age. Three practical Stenographers constantly employed by us Day and Evening.

We guarantee to make thorough competent Reporters.

TYPE WRITING.

There is a special demand for stenographers who can transcribe their short-hand notes on the type-writer. We have been teaching this branch for two years. The demand for good operators is constantly increasing. It can be learned in one quarter, for which we charge \$10.

BY THE PRINCIPAL, W. A. KISSICK.

His success in the past enables him to guarantee all persons great improvement. In removing Stiffness Crampness and Trembling of the Hand and making Good, Plain, Rapid, Graceful and Off-Hand Business writers, he stands pre-eminent.

TERMS—25 lessons, \$4 ; three months, \$10 ; one year or until learned, \$15 to \$20

THE COMMERCIAL COURSE.

In this Institution includes any branch required to prepare the pupils thoroughly for Business, such as Spelling, plain rapid Business Writing, Arithmetic, Correspondence, Book-keeping, Commercial Law, etc.

EVENING SESSION.

For the benefit of all those who may be unable to attend during the day, we hold an evening session from 7 till 9 P. M. None too backward or too old to learn, as each student will be instructed separately or privately.

THE BOOK-KEEPING

Is thoroughly taught by an expert practical Book-keeper. The terms Dr. and Cr. are fully explained ; the nature of *entries* defined, and *journalizing* elucidated ; Ledger Titles ; *closing* and *opening* books, and *balance sheets* fully taught. As the student proceeds, every operation shall be thoroughly analyzed, until he is made familiar with all the principles of the science, and enabled to grasp the subject as a connected whole.

COMMERCIAL LAW,

Relating to Contracts, Agency, Collections, Negotiable Paper, etc.. is a part of the regular Commercial Course.

TERMS—Three months, \$15 to \$20 ; One year, \$35 to \$45.

COMMERCIAL ARITHMETIC

Embraces a complete knowledge of all the essential parts of Arithmetic, such as Common and Decimal Fractions, Percentage, Interest, Exchange, Equation of Payments, Averaging Accounts, Partnership, Settlement, etc.

Three months, \$10 to \$15.

LETTER-WRITING.

This accomplishment has been so much neglected in our Seminaries, that it is rare to find a pupil who is capable of composing even a tolerable letter.

By our system the student is taught, by the rules of grammar and composition, with constant daily practice, how to express his thoughts clearly and concisely. To the diligent scholar we assure the ability to compose a letter that may be the means of opening his way to prosperity and which will reflect credit on himself and his teachers.

THE ENGLISH COURSE,

Consisting of Reading, Writing, Spelling, Grammar, Composition, Arithmetic, and Letter-writing. Merchants and business men will agree with us, when we say that besides Permanence, Arithmetic, Business Forms, and Book-keeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these, we would particularly mention correct Spelling, Punctuation, and a sufficient acquaintance with the rules of Grammar and Composition, as will enable the student to compose either a good letter, business card, or advertisement. For the acquisition of these accomplishments, the ambitious student will find, in our Institution, the most ample facilities.

The full English Course, three months, \$15 to \$20 ; one year, \$45 to \$55.

Kissick's Business College

192 & 194 FULTON STREET,

Between Orange and Pineapple Sts.,

Within Three Blocks of the Great Bridge.

DRAWING, ETC.

Taught every afternoon, from 3 to 5 p. m. This session is held for the convenience of those who wish to learn any of the following branches: Drawing, Painting, Lettering, Engraving, Designing, or any style of artistic Penwork, French or German, and especially a good, plain, rapid handwriting. Twenty-five lessons, \$4; or three months, \$10.

Instead of giving a cut of the outside of the building occupied by Kissick's Business College, we give a frontpiece, executed with pen and ink, by one of our students, aged fifteen.

DEPARTMENT.

The discipline of the Institute is mild but effective. We rule by love and not by fear. The Principal and his Assistants appeal to the Students' sense of gentlemanly propriety and behavior; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the College.

CLASSICAL DEPARTMENT.

Languages taught are the Latin, Greek, French, Spanish, German and Hebrew.

Students are taught not only to translate the Latin and Greek into English, but to turn English into Latin and Greek, and that in strict accordance with the rules and idioms of those languages. Day or Evening.

GERMAN

Taught by a native Professor, Day or Evening, \$15 to \$20 a quarter.

Students may be taught in class, separately, or the Teacher will go, if desired, to the residence of the pupil.

MATHEMATICS

Thoroughly taught—viz.: Algebra, Geometry, Trigonometry, Conic Sections, Differential and Integral Calculi.

ASSISTANTS.

They are teachers of unquestioned ability and experience.

No Institution can excel us in giving good attention and thorough instruction to each student, and none equal us in low prices.

Students Can Commence AT ANY TIME, Day or Evening.

College Open for Instruction.

Visitors and Applications from 9 A. M. to 9 P. M.

FOR YOUTH OF BOTH SEXES,
139 & 141 South Oxford Street,

(A FEW DOORS SOUTH OF FULTON STREET,)

BROOKLYN, N. Y.

(Principal's Residence, 63 Herkimer Street.)

The Fifteenth year of this Institution Commences
on Monday, September 8th, 1884.

There are no vacancies in the school for those who find it hard to tell the truth; for boys who use tobacco; nor for those who have any habit of speech or behavior at variance with purity of character.

There is but one regular session, beginning at 9 o'clock and closing at 1 o'clock. Besides this there is provided an afternoon Delinquent and Study Session. One purpose of this session is to afford pupils whatever assistance they may require to prepare their next day's lessons.

The general aim of the curriculum* in the Primary, Intermediate, and Academic Departments is to give the scholar a *practical education*, much stress being laid upon the ability to write a good letter, properly arranged, correctly expressed and spelled, legibly written, clear and to the point.

The Primary Grades have oral instruction in French or German without extra charge.

The Collegiate Department covers three years.

The first year's honor is a silver medal; the second, a gold medal; the third, a silver chaplet; the sixth, a gold chaplet; the ninth, a diamond chaplet. This last is bestowed only upon graduation.

For CALISTHENICS a large room is set apart, where daily instruction is given in this beautiful exercise.

The rates of Tuition for the regular English studies range from \$5.00 to \$25.00, payable in advance.

Pupils are received at any time, and charged from the date of entrance, except that no deduction is made for the first two weeks of the academic year.

JOHN LOCKWOOD, Principal.

* For a detailed exhibit of the curriculum, send for a circular.

† Rank is determined by percentages obtained at the monthly and yearly examinations, not by competition.

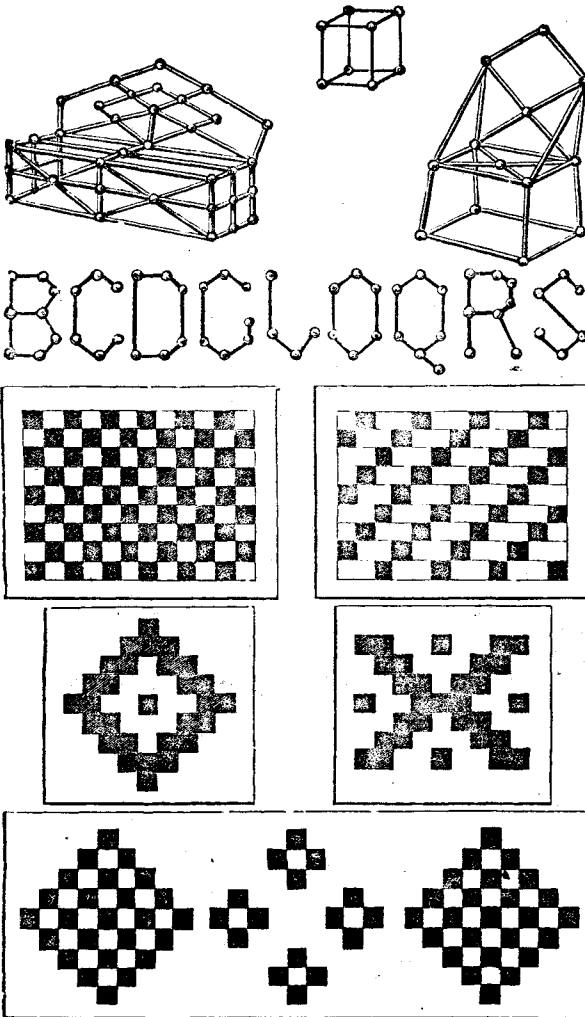

LOCKWOOD'S ACADEMY KINDERGARTEN.

Hours from 9 to 12.

Rate, \$5.00 Per Quarter.

[Extract from Annual Circular.]

With blocks the children make chairs, sofas, tables, stars, crosses, houses, bridges, letters, numbers, etc.; with triangles, a variety of geometrical and architectural forms; with sticks, letters and other figures which can be drawn with straight lines. They perforate paper in the forms of animals, insects, fruits, flowers, etc.; they learn to work in colored worsted; and with various other materials make a variety of pretty forms and objects. A few of these objects are shown below.
